A BIBLIOGRAPHY
of
BOOKS AND EDUCATIONAL MEDIA RELATED TO NEGRO CULTURE

The bibliography on the following pages dealing with the Negro, his history and his achievements supersedes the bibliography in Appendix A of Report I, October 1, 1968, *Inclusion of Negro Culture in the Dade County Curriculum.* As with most lists of this type, it represents for the librarian, the teacher and other instructional personnel, a starting point in selecting materials. It is not intended to be an exhaustive cataloging of the subject, nor is it intended to serve as a source of recommendations for purchase. All books should be reviewed and evaluated as to their appropriateness for the students and their relevance to the curriculum of the school.

It is hoped that the attached bibliography, as well as *In the Mainstream,* a bibliography on the Negro in American history prepared in the spring of 1968, will be of help to the schools in their efforts to supplement existing collections on this subject.
